How to Use Your Digital Insert

Thank you for choosing The Cash Cove. This digital insert is designed to help you save with style — one small step at a time.

Sizing & Printing

- Designed for A6 binders (Insert size: 6 x 3 inches)
- Print on A4 or US Letter paper at 100% / Actual Size
 - Make sure to print only Page 1 of this file. Page 2 is for reference only.
- For best results, use glossy 250gsm+ photo paper or card
- Cut along the light grey trim lines
- Laminate if you'd like to reuse (we recommend 250 micron laminating sheets)

Reuse & Reset

- Use a permanent marker like a Sharpie to track your savings.
- If laminating your insert for re-use, use rubbing alcohol or non-acetone nail polish remover to remove the ink.

Terms

- This insert is for personal use only. Not for resale or redistribution — thank you for respecting indie creators.
